استدراج عروض أسعار: الرجاء تزويدنا بأسعار اللوازم التالية شامل لضريبة القيمة المضافة:

#	اسم الصنف	الوحدة	الكمية	السعر	اجمالي تكلفة البند
1	,Supply, install, calibrate, test, and operate CT driven, prepaid three phase KWHM for 400A service, Din Rail or steel sheet mounted, suitable for existing KWHM location, KWHM must be consist of two parts, one inside main KWHM's enclosure, and ,the other inside user facility for account charging by code communicating to gather through PLC/ GPRS. It must operate ,with smart STS software, Price to include KWHM, Modem .Remote Charging Unit, CT's, control, and all required wiring However, any modification on existing KWHM Panel such as .rails, front panels, holders, and so must be included	عدد	2		
2	,Supply, install, calibrate, test, and operate CT/direct driven prepaid, three phase KWHM for 100A service, Din Rail or steel sheet mounted, suitable for existing KWHM location, KWHM must be consist of two parts, one inside main KWHM's enclosure, and the other inside user facility for account /charging by code, communicating to gather through PLC GPRS. It must operate with smart STS software, Price to ,include KWHM, Modem, Remote Charging Unit, CT's, control and all required wiring. However, any modification on existing KWHM Panel such as rails, front panels, holders, and so must be included	عدد	26		
3	,Supply, install, calibrate, test, and operate CT/direct driven prepaid, single phase KWHM for 60A service, Din Rail or steel sheet mounted, suitable for existing KWHM location, KWHM must be consist of two parts, one inside main KWHM's enclosure, and the other inside user facility for account /charging by code, communicating to gather through PLC GPRS. It must operate with smart STS software, Price to ,include KWHM, Modem, Remote Charging Unit, CT's, control and all required wiring. However, any modification on existing KWHM Panel such as rails, front panels, holders, and so must .be included	عدد	12		

		1	عدد	Supply, install, operate of STS software on AAUP existing servers to operate the system for at least of 100 service, this task to be coordinated with University IT Department, price shall include all required licenses, user training for both printed codes and remote charging. However, price shall include supply, install, and operate of three data Concentrator Units (DCU), installed on transformers indicated by AAUP. Suppliers are responsible to operate the system without any extra variations, so the shall include any important missing items in .this item price	4
ملاحظات عامة				For Items 1-3, KWHM's must comply but Not limited to the following features <ul style="list-style-type: none"> Measurement of active (kWh), total/separated energy registers for import and export Time-of-use metering with up to four tariffs and customized billing cycles Precision internal real time clock (RTC) with backup long-life Li-battery Polycarbonate case and IP54 protection Nonvolatile memory for energy data Large-character LCD information auto-scrolling display Independent sealing of the meter body and terminal cover Reverse energy flow detection with LCD alarm indicated Immune to external magnetic interference, alarm in the display when detect the interference Two communication channels. Local-and remote-reading ports PLC/GPRS modules for remote integration in advanced metering systems Data readout by optical port according to IEC 62056-21 (IEC61107 protocol support) DIN-SO pulse output for KWh, high-light LED indicated for accuracy test 	***
